## CRUSHER BRONZE

NCIndustrial Supplies Bronze bushings for most makes and models of crushers including: Symons, HP, Omnicone, Sandvik, Allis Chalmers, Telsmith as well as custom bushings made to order. Each part is rigorously examined by our quality control engineers guaranteeing that every bushing we supply is a superior quality part. Every NCIndustrial part comes with a dimensional and metallurgical guarantee and our Crusher Parts team brings a brand of service unlike any other.

## MANGANESE BRONZE TOGGLE SEATS

NCIndustrial produces only the highest quality Manganese Bronze toggle seats. Using the latest is CNC technology and state of the art cutting tools we are able to produce a precision machined toggle for the same costs as a ground finish toggle bearing. We manufacture bearings for all makes and models of jaw crushers and can manufacture your custom design.

## STEEL AND CAST IRON PARTS

NCIndustrial supplies the highest quality steel and cast iron components for your crusher. Heads, shafts, bowls, spider bushings, mainshaft sleeves etc. No matter the component or the OEM manufacturer, NCIndustrial has options for you.

## USED PARTS

NCIndustrial stocks parts for most crushers on the market. Save money on all your steel and bronze parts. Call today and ask for a quote. Used parts and equipment are also available upon request. We are always ready to assist you in your hunt for the best quality used crusher part available.
